Metals

Our extensive rail network stretches across Quebec. Montreal is home to CN's headquarters and close to 2,900 employees as well as a major rail classification yard and repair shops. CN serves the Port of Montreal, where we handle growing numbers of import/export containers. We also have an intermodal terminal in Saint-Laurent. Other CN facilities in Montreal include a logistics park, forest products, automotive and metals distribution centres, and a CargoFlo® bulk handling facility. Quebec City, where almost 350 CN railroaders live and work, boasts automotive and forest products distribution centres as well as a large rail classification yard.

Network Investments

Over the past decade, CN has invested about \$4.5 billion to build and maintain a safe and efficient network in Quebec and to support our supply chain partners. Expansion projects included the development of several major I&T projects. Maintenance projects focused on the replacement of rail and ties, plus upkeep of crossings, bridges, culverts, signals, and other track infrastructure.

CN supported the Montreal Children's Hospital Foundation's Caring for Kids Radiothon.

Community Investments

In 2024, CN contributed to many Quebec-based organizations, including:

MONTREAL CANADIENS CHILDREN'S FOUNDATION MCCF encourages physical activity and the adoption of a healthy lifestyle among underprivileged youth from 4 to 17 years old. CN contributed to MCCF programs supporting Indigenous communities.

LA RUE DES FEMMES CN supports La rue des Femmes, a relational health centre and shelter that offers therapeutic and preventive care to women who are in a state of homelessness or at risk of becoming homeless.

MONTRÉAL EN LUMIÈRE CN is an Official Sponsor of Montréal en Lumière, one of the largest winter festivals in the world. Montréal en Lumière is an annual celebration with more than 800,000 people experiencing the joy of Montréal's winter through a unique program of performing arts, gastronomy, free outdoor family activities, and an all-night party.

TERRY FOX FOUNDATION About 300 CN employees and their loved ones in six teams from across Canada came together in September for a classic Canadian tradition: the annual Terry Fox Run in support of cancer research.

SATURVIIT INUIT WOMEN'S ASSOCIATION OF NUNAVIK CN aids Saturviit, an organization that advocates for Inuit women and children and supports positive and healthy communities. Saturviit strives to be the voice for Nunavik women and to represent their well-being and interests.

TREE CANADA CN partnered with Tree Canada to plant over 6,000 trees across Quebec, including Montreal's Urban Tree Canopy Program. These trees helped re-establish urban and rural forests, green communities, and recover areas with substantial tree loss to grow a greener future.
